RECORDS SECTION
NASSAU COUNTY
CLERK OF THE LEGAL COUNSEL

WHEREAS, this bond ordinance is necessary to authorize bonds for the purpose of funding projects contemplated by capital budgets as provided in Section 310 of the County Government Law of Nassau County; and

WHEREAS, all necessary Federal, State, County and local permits, approvals and determinations of environmental impact for the purpose or purposes hereinafter referred to have been obtained or will have been obtained prior to the expenditure of proceeds of obligations to be authorized pursuant to this ordinance; NOW, THEREFORE,

BE IT ORDAINED, by the affirmative vote of not less than two-thirds (2/3rd) of the total voting strength of the County Legislature of the County of Nassau, New York, as follows:

Section 1. A capital expenditure for financing the cost of various objects or purposes, as described in the preambles hereto and identified under the heading "Project Number" on Appendix A attached hereto and incorporated herein, in the County of Nassau (hereinafter referred to as the "County"), is hereby authorized upon recommendation of the

County Executive, the amount of such capital expenditure to be \$95,993,000 which shall be financed with the proceeds from the issuance of \$95,993,000 bonds.

Section 2. The County may issue its bonds in the aggregate principal amount of \$95,993,000 pursuant to the Local Finance Law of New York (hereinafter referred to as the "LFL") in order to finance such objects or purposes or classes of objects or purposes (hereinafter referred to as the "Purpose") described in Section 1 hereof.

Section 3. The County Legislature has determined and hereby states that the estimated aggregate maximum cost of such Purpose, including preliminary costs and costs incidental thereto and the financing thereof, is \$95,993,000. The plan of financing includes \$95,993,000 to be raised by the issuance of bonds authorized by this ordinance, and the levy and collection of taxes on all the taxable real property of the County to pay the principal of said bonds and the interest thereon as the same shall be come due and payable.

Section 4. The County Legislature hereby determines that the periods of probable usefulness (each, a "PPU") of each component Project of the Purpose for which said \$95,993,000 bonds authorized pursuant to this ordinance are to be issued, within the limitations of the applicable subdivision of paragraph a. of Section 11.00 of the Law identified under the heading "LFL" on Appendix A attached hereto and incorporated herein, are identified under the heading "PPU" on said Appendix A.

Section 5. Subject to the terms and conditions of this ordinance and the LFL, and pursuant to the provisions of the LFL, the powers and duties of the County Legislature relative to authorizing the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the County Treasurer, the chief fiscal officer. Such notes shall be of such terms, form and

contents, and shall be sold in such manner, as may be prescribed by said County Treasurer, consistent with the provisions of the LFL.

Section 6. All other matters except as provided herein relating to the bonds herein authorized including the date, denominations, maturities, and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other bond issues, and also the ability to issue bonds with substantially level or declining annual debt service, shall be determined by the County Treasurer, the chief fiscal officer of such County.

Section 7. The faith and credit of the County are hereby irrevocably pledged for the payment of the principal of and interest on such bonds and notes as the same become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds and notes becoming due and payable in such year.

Section 8. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with as the date of publication of this ordinance are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 9. This ordinance shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this ordinance, no monies

are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 10. This ordinance, which takes effect immediately, shall be published in summary in the official newspaper of said County together with a notice of the Clerk of the County Legislature in substantially the form set forth in paragraph a of Section 81.00 of the Local Finance Law.

Section 11. It is hereby determined pursuant to the provisions of the State Environmental Quality Review Act ("SEQRA"), 8 N.Y.E.C.L. Section 0101 et seq. and its implementing regulations, Part 617 of 6 N.Y.C.R.R., and Section 1611 of the County Government Law of Nassau County that each Project identified on Appendix A attached hereto, if any, and incorporated herein as "Type II", if any, under the heading "SEQRA" is a "Type II Action" within the meaning of Section 617.5(c) of 6 N.Y.C.R.R., and, accordingly, is of a class of actions which do not have a significant effect on the environment and no further review is required. A record of each such determination shall be maintained in a file, readily accessible to the public, at the office of the Clerk of the Legislature.

Section 12. This ordinance, including Appendix A, may be modified to allow for the correction of any mathematical and/or typographical errors subsequent to any approval and adoption of said ordinance without the necessity for a vote to be taken by the County Legislature or by the members of any Standing Committee of said Legislature if said ordinance is passed by the affirmative vote of said Legislature.

CLERK OF THE LEGISLATURE
2024 SEP - 6 P 4:38

WHEREAS, this bond ordinance is necessary to authorize bonds for the purpose of funding projects contemplated by capital budgets as provided in Section 310 of the County Government Law of Nassau County; and

WHEREAS, all necessary Federal, State, County and local permits, approvals and determinations of environmental impact for the purpose or purposes hereinafter referred to have been obtained or will have been obtained prior to the expenditure of proceeds of obligations to be authorized pursuant to this ordinance; NOW, THEREFORE,

BE IT ORDAINED, by the affirmative vote of not less than two-thirds (2/3rd) of the total voting strength of the County Legislature of the County of Nassau, New York, as follows:

Section 1. A capital expenditure for financing the cost of various objects or purposes, as described in the preambles hereto and identified under the heading "Project Number" on Appendix A attached hereto and incorporated herein, in the County of Nassau (hereinafter referred to as the "County"), is hereby authorized upon recommendation of the

County Executive, the amount of such capital expenditure to be \$23,150,000 which shall be financed with the proceeds from the issuance of \$23,150,000 bonds.

Section 2. The County may issue its bonds in the aggregate principal amount of \$23,150,000 pursuant to the Local Finance Law of New York (hereinafter referred to as the "LFL") in order to finance such objects or purposes or classes of objects or purposes (hereinafter referred to as the "Purpose") described in Section 1 hereof.

Section 3. The County Legislature has determined and hereby states that the estimated aggregate maximum cost of such Purpose, including preliminary costs and costs incidental thereto and the financing thereof, is \$23,150,000. The plan of financing includes \$23,150,000 to be raised by the issuance of bonds authorized by this ordinance, and the levy and collection of taxes on all the taxable real property of the County to pay the principal of said bonds and the interest thereon as the same shall be come due and payable.

Section 4. The County Legislature hereby determines that the periods of probable usefulness (each, a "PPU") of each component Project of the Purpose for which said \$23,150,000 bonds authorized pursuant to this ordinance are to be issued, within the limitations of the applicable subdivision of paragraph a. of Section 11.00 of the Law identified under the heading "LFL" on Appendix A attached hereto and incorporated herein, are identified under the heading "PPU" on said Appendix A.

Section 5. Subject to the terms and conditions of this ordinance and the LFL, and pursuant to the provisions of the LFL, the powers and duties of the County Legislature relative to authorizing the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the County Treasurer, the chief fiscal officer. Such notes shall be of such terms, form and

contents, and shall be sold in such manner, as may be prescribed by said County Treasurer, consistent with the provisions of the LFL.

Section 6. All other matters except as provided herein relating to the bonds herein authorized including the date, denominations, maturities, and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other bond issues, and also the ability to issue bonds with substantially level or declining annual debt service, shall be determined by the County Treasurer, the chief fiscal officer of such County.

Section 7. The faith and credit of the County are hereby irrevocably pledged for the payment of the principal of and interest on such bonds and notes as the same become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds and notes becoming due and payable in such year.

Section 8. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with as the date of publication of this ordinance are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 9. This ordinance shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this ordinance, no monies

are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 10. This ordinance, which takes effect immediately, shall be published in summary in the official newspaper of said County together with a notice of the Clerk of the County Legislature in substantially the form set forth in paragraph a of Section 81.00 of the Local Finance Law.

Section 11. It is hereby determined pursuant to the provisions of the State Environmental Quality Review Act ("SEQRA"), 8 N.Y.E.C.L. Section 0101 et seq. and its implementing regulations, Part 617 of 6 N.Y.C.R.R., and Section 1611 of the County Government Law of Nassau County that each Project identified on Appendix A attached hereto, if any, and incorporated herein as "Type II", if any, under the heading "SEQRA" is a "Type II Action" within the meaning of Section 617.5(c) of 6 N.Y.C.R.R., and, accordingly, is of a class of actions which do not have a significant effect on the environment and no further review is required. A record of each such determination shall be maintained in a file, readily accessible to the public, at the office of the Clerk of the Legislature.

Section 12. This ordinance, including Appendix A, may be modified to allow for the correction of any mathematical and/or typographical errors subsequent to any approval and adoption of said ordinance without the necessity for a vote to be taken by the County Legislature or by the members of any Standing Committee of said Legislature if said ordinance is passed by the affirmative vote of said Legislature.

Purpose:

To approve an ordinance relative to the sale of vacant County-owned property located in Baldwin. The property is known as Section 54, Block 103, Lots 107 and 225 on the Nassau County Land & Tax Map. The properties in question border a parcel owned by the Fire District which is improved by an apparatus storage garage. Acquisition of this property would enable the Fire District to expand its parking area bordering the Fire District Facility which would enable the district to better protect its apparatus inventory. The County will receive a cash payment of \$11,200.00 for this sale and transfer.

Discussion:

In an effort to reduce the number of properties owned and maintained by the County, the Office of Real Estate Services attempts to sell parcels to adjacent property owners whenever possible. In furtherance of this, the Office responds to requests to purchase from adjacent landowners, especially an adjacent fire district serving its community.

The subject property consists of two vacant, non-buildable parcels of land located east of Gale Avenue, Baldwin. The lots are approximately 4,062 square feet in size. The Purchasers own the adjoining parcel at 2386 Grand Avenue, Baldwin. The Fire District, via letter, dated April 20, 2023, requested assistance in acquiring the subject lots. The parcels were appraised by Ron Paradiso and the fire District agreed to pay the appraisal price for each lot. The Nassau County Planning Commission had recommended the sale and transfer of the property, which recommendation is attached.

Impact on Funding:

Revenue of \$11,200.00. Pursuant to Local Law, five percent (5%) of the sale proceeds will go to the County's Open Space Fund and ninety-five percent (95%) of the proceeds will be deposited into the County's general fund.

Recommendation: Approve Ordinance.

NASSAU COUNTY PLANNING COMMISSION
DISPOSITION OF COUNTY-OWNED PROPERTY

NCPC-OSPAC FILE NO: 8-2020

WHEREAS, pursuant to Nassau County Administrative Code Section 11-8.0, the NASSAU COUNTY PLANNING COMMISSION (the "COMMISSION") issues the following recommendation to the NASSAU COUNTY LEGISLATURE (the "LEGISLATURE") and the NASSAU COUNTY EXECUTIVE regarding the disposition of real property owned by Nassau County;

WHEREAS, the NASSAU COUNTY BUREAU OF REAL ESTATE forwarded to the COMMISSION a proposal to sell property to Baldwin Fire District on the following County-owned property, more particularly described as:

NCPC-OSPAC FILE # 8-2020 Section 54 Block 103 Lot(s) 225
East of 2379 Gale Avenue, Baldwin, Town of Hempstead

WHEREAS, the COMMISSION forwarded to the NASSAU COUNTY OPEN SPACE AND PARKS ADVISORY COMMITTEE ("OSPAC"), the proposal for the release of the above-referenced real property;

WHEREAS, the COMMISSION held public hearings on September 10, 2020 and September 17, 2020, in accordance with N.Y. Public Officers Law, notice of which was sent to Nassau County Legislator Debra Mule, and Town of Hempstead Supervisor Donald X. Clavin, Jr., as well as to all surrounding property owners within a 150 ft. radius, with regard to this proposal;

WHEREAS, OSPAC passed a verbal resolution at its October 14, 2020 meeting to approve the release of the property described in NCPC-OSPAC # 8-2020 without condition;

WHEREAS, in accordance with Section 1611 of the Nassau County Charter and acting in an advisory capacity to the LEGISLATURE, the COMMISSION is required to review certain actions in accordance with the New York State Environmental Quality Review Act ("SEQRA") and the COMMISSION has conducted such environmental review;

WHEREAS, upon review of the Town of Hempstead zoning ordinance, the sale of this property to an adjacent property owner could not result in a single lot that could be subdivided for residential development as of right;

NOW THEREFORE BE IT RESOLVED that, based upon review of the environmental documents and supporting documentation, the COMMISSION recommends that the LEGISLATURE classify the proposed action regarding NCPC-OSPAC #8-2020 as Unlisted and determine that it will not have a significant adverse impact on the environment; and be it further;

RESOLVED, that the COMMISSION hereby recommends that the LEGISLATURE complete the review of the proposed action under SEQRA by classifying the action as Unlisted and issuing a **NEGATIVE DECLARATION**; and be it further

RESOLVED, that the COMMISSION hereby recommends that the LEGISLATURE approve the sale to Baldwin Fire District of the subject property without condition;

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

The Deposit and the balance of the Purchase Price shall be paid by bank or certified check payable to "Nassau County" or by wire transfer of immediately available federal funds.

Closing Date:

The closing of title hereunder (the "Closing") shall take place on or before the date which is forty-five (45) calendar days following the date on which the last of the conditions to Closing contained in the section entitled "Conditions of Closing" are satisfied (such date, the "Closing Date"). Closing shall occur at County's offices, One West Street, Mineola, New York 11501. Closing of title is expressly not contingent upon any fact or circumstance not expressly stated herein.

Purchase and Sale of the Premises:

On or before the Closing Date, upon payment by the Purchaser of the balance of the Purchase Price, the Purchaser shall purchase and the County shall sell all of the County's right, title and interest in and to the Premises.

Instruments of Conveyance:

To meet its obligations as described above, at the closing the County shall deliver to the Purchaser a quitclaim deed (the "Deed") to the Premises. The delivery and acceptance of the Deed at the closing, without the simultaneous execution and delivery of a specific agreement which by its terms shall survive the closing, shall be deemed to constitute full compliance by the County with all of the terms, conditions and covenants of this letter on the County's part to be performed. Purchaser shall accept title subject to any and all violations, covenants and restrictions, easements, any state of facts an accurate survey would show, liens, mortgages or other encumbrances.

The deed shall contain a deed restriction in a form substantially similar to the following: The Premises shall be used for Fire District municipal purposes only and for no other purpose. It is the intention of the parties that the above stated covenants and restrictions shall run with the land.

Recording Fees,
Title Insurance
and Related
Expenses:

The transfer of the Premises to the Purchaser shall be without cost or expense to the County, provided that any outside consultants retained by the County shall be paid by the County. The Purchaser shall pay all fees and expenses relating to the sale of the Premises, including, but not limited to, recording fees; title premiums; transfer taxes; fees for the completion of a survey, maps, and a property description; and all fees associated with a proceeding for a Waiver of Map Filing to the Nassau County Planning Commission.

No Representations or
Warranties/Due-
Diligence:

The County makes no representations or warranties, express or implied, regarding the Premises. The Purchaser have conducted their own independent investigation, at their sole cost and expense, of the Premises. The determination of the Purchaser to purchase the Premises has been made in the sole discretion of the Purchaser. The Purchaser have not and shall not rely on any representations or warranties by the County in making their decision to purchase the Premises.

Purchaser acknowledge and represent to the County that neither the County nor any agent or representative of the County has made any statements or representations regarding the physical condition of the Premises, its zoning, its compliance with any environmental or occupational protection, pollution, subdivision or land use laws, rules, regulations or requirements, the state of title, the uses which can be made of the same, or the rents, income, expenses, operation or any other matter or thing affecting or relating to the Premises, or to any buildings or improvements thereon erected, except as expressly set forth in this letter. Purchaser are purchasing the Premises in its **"AS IS, WHERE IS, WITH ALL FAULTS"** condition as of the date of this letter, subject to ordinary wear and tear and natural deterioration and obsolescence between the date of this letter and the Closing Date. All understandings and agreements heretofore had between the parties or their respective agents or representatives are merged in this

letter which alone fully and completely expresses their agreement.

Confidentiality:

To the extent that the County has delivered or delivers to the Purchaser, their agents and/or representatives any information from its files regarding the Premises, and to the extent that the Purchaser have discovered or may discover information concerning the Premises from their due diligence, the Purchaser shall hold such information in strict confidence and shall not disclose such information to third parties, except to the Purchaser's attorneys or upon legal compulsion.

No Recourse
to County:

The sale of the Premises shall be without recourse, in any event, to the County. The County shall not be liable for payment of any brokerage commissions.

Conditions of Closing:

(a) The sale of the Premises is subject to all requisite County approvals, including, without limitation, approval of the Nassau County Legislature. The County shall have no liability under this letter to any person unless (i) all County approvals have been obtained, including, approval by the Nassau County Legislature, (ii) this letter has been executed by the County Executive or his duly designated deputy, and (iii) the transfer of the Premises has been approved by the Board of the Purchaser.

application or filing fees. Purchaser, at its own expense and upon execution hereof by Purchaser, shall commission a survey of the Premises.

Notices:

Any notice which a party is required or may desire to give the other shall be in writing and may be sent by personal delivery or by mail (either (i) by United States registered or certified mail, return receipt requested, postage prepaid, or (ii) by Federal Express or similar generally recognized overnight carrier regularly providing proof of delivery), addressed as follows (subject to the right of a party to designate a different address for itself by notices similarly given):

Re: Contract No.: CQPW19000004

Vacant Land Parcel No.107
East of 2383 Gale Avenue
Baldwin, Town of Hempstead
Nassau County, New York
Section 54, Block 103, Lot 107

Dear Mr. Walsh:

At your request, I have inspected and appraised the above-captioned property. The purpose of the appraisal is to estimate the fair market value of the vacant land parcel owned by Nassau County.

The subject parcel is identified on the tax maps of Nassau County as Section 54, Block 103, Lot 107; and is located east of 2383 Gale Avenue abutting single-family homes and a municipal parking lot owned by the Town of Hempstead and an easement owned by Nassau County to the east. The subject property was inspected on November 15, 2023.

Lot 107 is slightly irregular in shape having no direct street frontage and containing a site area of 2,498± square feet, as per Nassau County.

At the time of inspection, the subject parcel was primarily vacant and grass covered with a shed and a basketball hoop.

According to my client, the adjoining Baldwin Fire Department is interested in purchasing Lot 107, for an expansion of their parking lot. The intended use of the appraisal is to assist my client in determining the current fair market value of the subject land parcel. The intended user of this appraisal is my client, Nassau County, and those persons authorized by them to utilize this report.

This appraisal report was prepared in compliance with and conforms to the current Uniform Standards of Professional Appraisal Practice (USPAP) promulgated by the Appraisal Standards Board of the Appraisal Foundation, the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute.

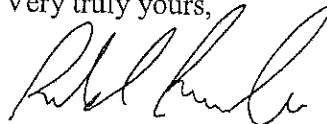

It is my opinion that the "as-is" fair market value of the fee simple estate of the subject property, predicated upon the underlying assumptions and limiting & qualifying conditions as defined within the body of this report, as of the date of inspection, November 15, 2023 was:

\$6,900

SIX THOUSAND NINE HUNDRED DOLLARS

VALUATION DATE

The date of valuation is November 15, 2023, the date of inspection of the subject property.

PURPOSE OF THE APPRAISAL

The purpose of the appraisals is to estimate the current fair market value of the subject property.

INTENDED USE & USERS OF THE APPRAISAL

The intended use of the appraisal is to assist my client in determining the current fair market value of the subject land parcel. The intended user of this appraisal is my client, Nassau County, and those persons authorized by them to utilize this report.

IDENTIFICATION OF THE SUBJECT PROPERTY

The subject property is a slightly irregular shaped parcel of vacant land located in Baldwin, Town of Hempstead, Nassau County, New York. The subject property is identified as a on the tax maps of Nassau County as Section 54, Block 103, Lot 107.

SUBJECT PROPERTY OWNERSHIP HISTORY

The Nassau County owns the subject property. According to public record, no sale of the subject property has occurred within the past three years. The subject property is not currently listed for sale.

MARKETING PERIOD AND EXPOSURE TIME

A *marketing period* is generally defined as “An opinion of the amount of time it might take to sell a real or personal property interest at the concluded market value level during the period immediately after the effective date of an appraisal. Marketing time differs from exposure time, which is always presumed to precede the effective date of an appraisal. (Advisory Opinion 7 of the Appraisal Standards Board of the Appraisal Foundation and Statement on Appraisal Standards No. 6, “Reasonable Exposure Time in Real Property and Personal Property Market Value Opinions” address the determination of reasonable exposure and marketing time.)”¹

The marketing period for the subject property would be approximately one year.

Exposure time is generally defined as 1) The time a property remains on the market. 2) The estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; Comment Exposure time is a retrospective opinion based on an analysis of past events assuming a competitive and open market.”²

The exposure time for the subject property would have been less than one year.

SCOPE OF THE APPRAISAL AND METHODS OF VALUATION

The purpose of this report is to prepare a market valuation for the purposes of estimating the market value of the subject property. I have inspected and photographed the subject property and the immediate neighborhood. I have independently collected and analyzed relevant market data and zoning information. I have researched and analyzed comparable vacant land sales that have occurred in the subject's market area. Prior to determining the market parameters for the subject, the differences between the comparable sales as they relate to the subject property were considered. On this basis, quantitative adjustments were applied to each of the sales on a price per square foot of land area basis in order to reflect those differences and refine the indicated range. After adjustments, a land value was estimated for the subject property.

SPECIAL ASSUMPTION REGARDING THE VALUE OPINION

The subject parcel contains a total of 2,498± square feet of land area as per Nassau County Records. No survey was provided for the appraisal. Therefore, the analysis and conclusions derived are subject to a survey indicating the actual size of the site.

APPRAISAL DEFINITIONS

Market Value³

“The most probable price that a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- Buyer and seller are typically motivated;
- Both parties are well informed or well advised, and acting in what they consider their own best interests;
- A reasonable time is allowed for exposure in the open market;
- Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.” (12 C.F.R. Part 34.42(g); *55 Federal Register* 34696, August 24, 1990, as amended at *57 Federal Register* 12202, April 9, 1992; *59 Federal Register* 29499, June 7, 1994.)”

Fee Simple Estate⁴

“Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat.”

³ *The Dictionary of Real Estate Appraisal – Sixth Edition*, Appraisal Institute, Chicago, IL, 2015, p. 142.

⁴ *Ibid*, p. 90.

Intended Use⁵

“The use(s) of an appraiser’s reported appraisal or appraisal review assignment results, as identified by the appraiser based on communication with the client at the time of the assignment.”

Intended User⁶

“The client and any other party as identified, by name or type, as users of the appraisal or appraisal review report by the appraiser, based on communication with the client at the time of the assignment.”

Client⁷

1. The individual, group, or entity who engages a valuer to perform a service. (SVP)
2. The party or parties who engage, by employment or contact, an appraiser in a specific assignment. Comment: The client may be an individual, group, or entity, and may engage and communicate with the appraiser directly or through an agent. (USPAP, 2016-2017 ed.)
3. Generally the party or parties ordering the appraisal. It does no matter who pays for the work. (CUSPAP, 2014 ed.)”

PROPERTY DESCRIPTION

SITE DESCRIPTION

The subject property is identified on the tax maps of Nassau County as Section 54, Block 103, Lot 107. The subject parcel is located east of 2383 Gale Avenue abutting single-family homes, a municipal parking lot owned by the Town of Hempstead and an easement owned by Nassau County to the east. The subject property was inspected on November 15, 2023. Lot 107 is slightly irregular in shape having no direct street frontage and containing a site area of 2,498± square feet, as per Nassau County. At the time of inspection, the subject parcel was primarily vacant and grass covered with a shed and a basketball hoop.

All utilities such as natural gas, electricity and cable and telephone service are available to surrounding properties.

My physical inspection did not include an analysis of hazardous soils or contamination problems, and we do not have reason to believe such would exist. However, it is recommended that an environmental engineer be retained to determine the exact status of the subject soil. If in the event contamination is detected, our valuation contained herein may be subject to change. No survey was provided for the appraisal. Therefore, the analysis and conclusions derived are subject to a survey indicating the actual size (square foot of the land area).

REAL ESTATE TAXES

Nassau County owns the subject property and the real estate taxes are exempt.

ZONING

The subject parcel is situated within an Residence B zoning district.

Residence B zoning districts allows for single-family residential use. The minimum lot size is 6,000 square feet with a minimum street frontage of 55-feet.

The subject property is an irregular-shaped parcel of vacant land that contains a total of 2,498± square feet with no street frontage, abutting an easement owned by Nassau County and single-family homes. Based on existing zoning regulations it appears that the subject property cannot be developed as a standalone parcel.

It should be noted that issues involving zoning compliance and development potential are complex and require the special skills, knowledge, and training of professionals familiar with the appropriate regulations. Therefore, the determination of zoning compliance and potential lot yield should be determined by an architect or land-zoning specialist.

HIGHEST AND BEST USE

Highest and Best Use⁸

The reasonably probable and legal use of vacant land or an improved property, that is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity. Alternatively, the probable use of land or improved property, specific with respect to the user and timing of the use, that is adequately supported and results in the highest present value.” In order to determine the highest and best use of the subject site, we have considered the physically possible, legally permitted, economically feasible and maximally productive uses of the property both as vacant and as improved.

Highest and Best Use of Land or a Site as Though Vacant⁹

The subject’s current use is vacant land. Physically possible uses are determined by the size and configuration of the subject site. The subject is a slightly irregular-shaped lot that contains a total of 2,498± square feet of land. Physically, single-family development is not possible and would be limited. Legally permitted uses are determined by the subject property’s zoning. Based on the existing zoning, single-family development is not legally possible since the lot size and street frontage width is below the legal requirement, as discussed within the zoning section of the report. In terms of the financially feasible and maximum productive uses, it is my opinion that the highest and best use is its inclusion with an adjoining parcel. Therefore, the highest and best use of the subject property is its assemblage with an adjoining parcel.

⁸ *The Dictionary of Real Estate Appraisal – Fifth Edition*, Appraisal Institute, Chicago, IL, 2010, p. 93.

⁹ *Ibid.*, p. 93.

SALES COMPARISON APPROACH

I have used the Sales Comparison Approach to determine the value of the subject site as if vacant and unimproved land. The Sales Comparison Approach is based on an opinion of value derived from prices paid in actual market transactions.

This approach may be used to value land that is actually vacant or land that is being considered as though vacant for appraisal purposes. The Sales Comparison Approach is the most common technique for valuing land and is the preferred method when comparable land sales are available. In this approach, the appraiser searches the market for transfers of similar type properties. These sales are then analyzed based on the price per square foot of land area.

The comparable sale properties are compared with and adjusted to the subject property. Adjustments to the sales first consider sale terms, financing, expenditure and possession costs and changes in market conditions, or value change from when the sale occurred. Subsequent adjustments recognize issues regarding differences in location for each property, size, site characteristics and zoning/developable potential.

ANALYSIS OF COMPARABLE VACANT LAND SALES

The subject parcel contains a total of 2,498± square feet of land area. The subject parcel is zoned within a residential district, and as noted earlier, the subject property cannot be developed for single-family use, and therefore has limited utility.

I was unable to find recent sales of undevelopable parcels of land for comparison, and have therefore utilized land sales of developable parcels, and adjusted them to the subject parcel for the analysis.

In estimating the value of the subject property, I have uncovered a number of comparable vacant land sales within the market that sold for residential development or future redevelopment. The unit of comparison used herein is the sale price per square foot of land area.

The following table presents a summary of the comparable land sales:

SUMMARY OF COMPARABLE LAND SALES

Zoning	Residential	Residential	Residential	Residential
Lot Yield	1	4	1	1

The comparable sales occurred between February 2022 and October 2022, and have sites that range in size from 4,000± to 29,708± square feet of gross land area. Sale #1 has an average lot size of 6,300± square feet after subdivision and allowance for street access. The unadjusted sale prices range from \$37.50 to \$53.29 per square foot of land area.

Discussion of Land Sales Adjustments

Prior to estimating the subject's land value, I have considered the presented land sales and the difference between the comparables as they relate to the subject. On this basis, I applied quantitative adjustments to each of the prices per square foot of land area to reflect these differences and refine the indicated range. An upward adjustment indicates that the comparable is inferior to the subject, while a downward adjustment indicates the comparable to be superior. Since each of the comparable land sales was transferred for cash or its equivalent, financing adjustments were not necessary.

Market Conditions (Time/Negotiability)

I first considered an adjustment for market conditions. The sale dates ranged from February 2022 and October 2022. Based on available market data, I have considered that market conditions for vacant land properties have been stable. All of the sales occurred under similar market conditions to the present and were not adjusted.

Location

All of the sales have similar locations as compared to the subject location. No adjustments for location were required when compared to the subject property.

Site Characteristics

This adjustment considered the sites shape, frontage, depth, topography, and access and wooded/unwooded. No adjustments were required when compared to the subject property.

Size

The subject site contains 2,498± square feet of land area and requires 6,000 square feet based on zoning to be a development site. The comparable sites ranged in size from 4,000± to 29,708± square feet of gross land area. Note that Sale # 1 can be subdivided into 4-lots with an average lot size of 6,300± square feet. Sale #3 was adjusted upward for a smaller lot size.

Site Utility

The site utility adjustment considered the sites usefulness of the comparable sales in terms site suitability for development as compared to the subject property, which would affect the price that a potential developer would pay for a vacant parcel of land. All of the sales have superior overall utility since they can be developed. As noted earlier, the subject property does not have adequate size and frontage to legally support future development of a single-family home. I have made appropriate downward adjustments to all of the comparable sales for site utility, as compared to the subject, considering that the subject land has no development potential and very limited site utility in the market.

The following table summarizes the aforementioned adjustments made to the comparable land sales:

East of 2383 Gale Avenue Baldwin, NY				
	SUBJECT	COMP 1	COMP 2	COMP 3

Land Sales Value Conclusion

After adjustments, the sale indicated an adjusted range of \$2.52 to \$3.75 per square foot of land area, with an average of \$2.98 per square foot and a median of \$2.66 per square foot of land area.

I have taken into account the subject's location, size, zoning, utility and limited development potential. Based on this I have estimated a unit value of \$2.75 per square foot of gross land area to be reasonable for the subject parcel.

Therefore, the value of the subject property is calculated as follows:

Site Area (SF)	Value/SF (\$)	Land Value
2,498	\$2.75	\$6,870
	Rounded	\$6,900

**UNDERLYING ASSUMPTIONS AND
LIMITING & QUALIFYING CONDITIONS**

1. This report is intended to comply with the reporting requirements set forth under Standards Rule 2-2(a) of the Uniform Standards of Professional Appraisal Practice for an appraisal report. The information contained in this report is specific to the needs of the client and for the intended use stated in this report. We are not responsible for unauthorized use of this report.
2. No responsibility is assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless stated otherwise in this report.
3. The property was appraised free and clear of any or all liens and encumbrances unless stated otherwise in this report.
4. Responsible ownership and competent property management are assumed unless stated otherwise in this report.
5. The information furnished by others for the appraised property is believed to be reliable. However, no warranty is given for its accuracy.
6. All engineering is assumed correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.
7. It is assumed that there are no hidden or unapparent conditions of the property, subsoil or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
8. It is assumed that there is full compliance with all applicable federal, state and local environmental regulations and laws unless stated otherwise in this report.
9. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined and considered in this report.
10. It is assumed that all required licenses, Certificates of Occupancy or other legislative or administrative authority from any local, state or national government or private entity have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.
11. Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied unless stated otherwise in this report. No survey has been made for the purpose of this report.
12. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described, and that there is no encroachment or trespass unless stated otherwise in this report.
13. We are unaware of any easements or encumbrances that substantially affect the subject property. However, we have not been provided with a title report and if in the event such report detailed the existence of an otherwise unknown easement or encumbrance, the value conclusion contained herein may be subject to change.

14. We are not qualified to detect hazardous waste and/or toxic materials. Any comment by us that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation or other potentially hazardous materials may affect the value of the property. Our value estimate(s) is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless stated otherwise in this report. No responsibility is assumed for any environmental conditions or any expertise or engineering knowledge required to discover them. Our descriptions and comments are the result of our routine observations made during the appraisal process.
15. Unless stated otherwise in this report, the subject property was appraised without a specific compliance survey having been conducted to determine whether the property is or is not in conformance with the requirements of the Americans with Disabilities Act (ADA). The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability or utility.
16. Any proposed improvements are assumed to be completed in a good and workmanlike manner in accordance with the submitted plans and specifications, and conforming to all municipal, building and health codes.
17. Our value conclusions were based on the assumption that the subject property will continue to be adequately maintained and professionally managed to sustain its competitiveness in the marketplace.
18. The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
19. Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser(s), and in any event, only with properly written qualification and only in its entirety.
20. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser(s) or the firm with which the appraiser(s) is/are connected) shall be disseminated to the public through advertising, public relations, news sales or other media without the prior written consent and approval of the appraiser(s).

Re: Contract No.: CQPW19000004

Vacant Land Parcel No.225
East of 2383 Gale Avenue
Baldwin, Town of Hempstead
Nassau County, New York
Section 54, Block 103, Lot 225

Dear Mr. Walsh:

At your request, I have inspected and appraised the above-captioned property. The purpose of the appraisal is to estimate the fair market value of the vacant land parcel owned by Nassau County.

The subject parcel is identified on the tax maps of Nassau County as Section 54, Block 103, Lot 225; and is located east of 2383 Gale Avenue abutting single-family homes and a municipal parking lot owned by the Town of Hempstead and an easement owned by Nassau County to the east. The subject property was inspected on November 15, 2023.

Lot 225 is irregular in shape having no direct street frontage and containing a site area of 1,564± square feet, as per Nassau County.

At the time of inspection, the subject parcel was primarily vacant and grass covered with a shed.

According to my client, the adjoining Baldwin Fire Department is interested in purchasing Lot 225, for an expansion of their parking lot. The intended use of the appraisal is to assist my client in determining the current fair market value of the subject land parcel. The intended user of this appraisal is my client, Nassau County, and those persons authorized by them to utilize this report.

This appraisal report was prepared in compliance with and conforms to the current Uniform Standards of Professional Appraisal Practice (USPAP) promulgated by the Appraisal Standards Board of the Appraisal Foundation, the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute.

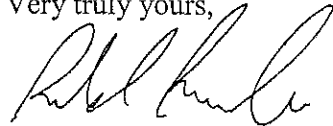

It is my opinion that the "as-is" fair market value of the fee simple estate of the subject property, predicated upon the underlying assumptions and limiting & qualifying conditions as defined within the body of this report, as of the date of inspection, November 15, 2023 was:

\$4,300

FOUR THOUSAND THREE HUNDRED DOLLARS

VALUATION DATE

The date of valuation is November 15, 2023, the date of inspection of the subject property.

PURPOSE OF THE APPRAISAL

The purpose of the appraisals is to estimate the current fair market value of the subject property.

INTENDED USE & USERS OF THE APPRAISAL

The intended use of the appraisal is to assist my client in determining the current fair market value of the subject land parcel. The intended user of this appraisal is my client, Nassau County, and those persons authorized by them to utilize this report.

IDENTIFICATION OF THE SUBJECT PROPERTY

The subject property is a slightly irregular shaped parcel of vacant land located in Baldwin, Town of Hempstead, Nassau County, New York. The subject property is identified as a on the tax maps of Nassau County as Section 54, Block 103, Lot 225.

SUBJECT PROPERTY OWNERSHIP HISTORY

The Nassau County owns the subject property. According to public record, no sale of the subject property has occurred within the past three years. The subject property is not currently listed for sale.

MARKETING PERIOD AND EXPOSURE TIME

A *marketing period* is generally defined as “An opinion of the amount of time it might take to sell a real or personal property interest at the concluded market value level during the period immediately after the effective date of an appraisal. Marketing time differs from exposure time, which is always presumed to precede the effective date of an appraisal. (Advisory Opinion 7 of the Appraisal Standards Board of the Appraisal Foundation and Statement on Appraisal Standards No. 6, “Reasonable Exposure Time in Real Property and Personal Property Market Value Opinions” address the determination of reasonable exposure and marketing time.)”¹

The marketing period for the subject property would be approximately one year.

Exposure time is generally defined as 1) The time a property remains on the market. 2) The estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; Comment Exposure time is a retrospective opinion based on an analysis of past events assuming a competitive and open market.”²

The exposure time for the subject property would have been less than one year.

SCOPE OF THE APPRAISAL AND METHODS OF VALUATION

The purpose of this report is to prepare a market valuation for the purposes of estimating the market value of the subject property. I have inspected and photographed the subject property and the immediate neighborhood. I have independently collected and analyzed relevant market data and zoning information. I have researched and analyzed comparable vacant land sales that have occurred in the subject's market area. Prior to determining the market parameters for the subject, the differences between the comparable sales as they relate to the subject property were considered. On this basis, quantitative adjustments were applied to each of the sales on a price per square foot of land area basis in order to reflect those differences and refine the indicated range. After adjustments, a land value was estimated for the subject property.

SPECIAL ASSUMPTION REGARDING THE VALUE OPINION

The subject parcel contains a total of 1,564± square feet of land area as per Nassau County Records. No survey was provided for the appraisal. Therefore, the analysis and conclusions derived are subject to a survey indicating the actual size of the site.

APPRAISAL DEFINITIONS

Market Value³

“The most probable price that a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- Buyer and seller are typically motivated;
- Both parties are well informed or well advised, and acting in what they consider their own best interests;
- A reasonable time is allowed for exposure in the open market;
- Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.” (12 C.F.R. Part 34.42(g); 55 *Federal Register* 34696, August 24, 1990, as amended at 57 *Federal Register* 12202, April 9, 1992; 59 *Federal Register* 29499, June 7, 1994.)”

Fee Simple Estate⁴

“Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat.”

³ *The Dictionary of Real Estate Appraisal – Sixth Edition*, Appraisal Institute, Chicago, IL, 2015, p. 142.

⁴ *Ibid*, p. 90.

Intended Use⁵

“The use(s) of an appraiser’s reported appraisal or appraisal review assignment results, as identified by the appraiser based on communication with the client at the time of the assignment.”

Intended User⁶

“The client and any other party as identified, by name or type, as users of the appraisal or appraisal review report by the appraiser, based on communication with the client at the time of the assignment.”

Client⁷

1. The individual, group, or entity who engages a valuer to perform a service. (SVP)
2. The party or parties who engage, by employment or contact, an appraiser in a specific assignment. Comment: The client may be an individual, group, or entity, and may engage and communicate with the appraiser directly or through an agent. (USPAP, 2016-2017 ed.)
3. Generally the party or parties ordering the appraisal. It does no matter who pays for the work. (CUSPAP, 2014 ed.)”

TAX MAP

Section 54, Block 103, Lot 225

PROPERTY DESCRIPTION

SITE DESCRIPTION

The subject property is identified on the tax maps of Nassau County as Section 54, Block 103, Lot 225. The subject parcel is located east of 2383 Gale Avenue abutting single-family homes, a municipal parking lot owned by the Town of Hempstead and an easement owned by Nassau County to the east. The subject property was inspected on November 15, 2023. Lot 225 is irregular in shape having no direct street frontage and containing a site area of 1,564± square feet, as per Nassau County. At the time of inspection, the subject parcel was primarily vacant and grass covered with a shed.

All utilities such as natural gas, electricity and cable and telephone service are available to surrounding properties.

My physical inspection did not include an analysis of hazardous soils or contamination problems, and we do not have reason to believe such would exist. However, it is recommended that an environmental engineer be retained to determine the exact status of the subject soil. If in the event contamination is detected, our valuation contained herein may be subject to change. No survey was provided for the appraisal. Therefore, the analysis and conclusions derived are subject to a survey indicating the actual size (square foot of the land area).

REAL ESTATE TAXES

Nassau County owns the subject property and the real estate taxes are exempt.

ZONING

The subject parcel is situated within a Residence B zoning district.

Residence B zoning districts allows for single-family residential use. The minimum lot size is 6,000 square feet with a minimum street frontage of 55-feet.

The subject property is an irregular-shaped parcel of vacant land that contains a total of 1,564± square feet with no street frontage, abutting an easement owned by Nassau County and single-family homes. Based on existing zoning regulations it appears that the subject property cannot be developed as a standalone parcel.

It should be noted that issues involving zoning compliance and development potential are complex and require the special skills, knowledge, and training of professionals familiar with the appropriate regulations. Therefore, the determination of zoning compliance and potential lot yield should be determined by an architect or land-zoning specialist.

HIGHEST AND BEST USE

Highest and Best Use⁸

The reasonably probable and legal use of vacant land or an improved property, that is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity. Alternatively, the probable use of land or improved property, specific with respect to the user and timing of the use, that is adequately supported and results in the highest present value.” In order to determine the highest and best use of the subject site, we have considered the physically possible, legally permitted, economically feasible and maximally productive uses of the property both as vacant and as improved.

Highest and Best Use of Land or a Site as Though Vacant⁹

The subject’s current use is vacant land. Physically possible uses are determined by the size and configuration of the subject site. The subject is a slightly irregular-shaped lot that contains a total of 1,564± square feet of land. Physically, single-family development is not possible and would be limited. Legally permitted uses are determined by the subject property’s zoning. Based on the existing zoning, single-family development is not legally possible since the lot size and street frontage width is below the legal requirement, as discussed within the zoning section of the report. In terms of the financially feasible and maximum productive uses, it is my opinion that the highest and best use is its inclusion with an adjoining parcel. Therefore, the highest and best use of the subject property is its assemblage with an adjoining parcel.

⁸ *The Dictionary of Real Estate Appraisal – Fifth Edition*, Appraisal Institute, Chicago, IL, 2010, p. 93.

⁹ *Ibid*, p. 93.

SALES COMPARISON APPROACH

I have used the Sales Comparison Approach to determine the value of the subject site as if vacant and unimproved land. The Sales Comparison Approach is based on an opinion of value derived from prices paid in actual market transactions.

This approach may be used to value land that is actually vacant or land that is being considered as though vacant for appraisal purposes. The Sales Comparison Approach is the most common technique for valuing land and is the preferred method when comparable land sales are available. In this approach, the appraiser searches the market for transfers of similar type properties. These sales are then analyzed based on the price per square foot of land area.

The comparable sale properties are compared with and adjusted to the subject property. Adjustments to the sales first consider sale terms, financing, expenditure and possession costs and changes in market conditions, or value change from when the sale occurred. Subsequent adjustments recognize issues regarding differences in location for each property, size, site characteristics and zoning/developable potential.

ANALYSIS OF COMPARABLE VACANT LAND SALES

The subject parcel contains a total of 1,564± square feet of land area. The subject parcel is zoned within a residential district, and as noted earlier, the subject property cannot be developed for single-family use, and therefore has limited utility.

I was unable to find recent sales of undevelopable parcels of land for comparison, and have therefore utilized land sales of developable parcels, and adjusted them to the subject parcel for the analysis.

In estimating the value of the subject property, I have uncovered a number of comparable vacant land sales within the market that sold for residential development or future redevelopment. The unit of comparison used herein is the sale price per square foot of land area.

The following table presents a summary of the comparable land sales:

SUMMARY OF COMPARABLE LAND SALES

Lot Yield	1	4	1	1

The comparable sales occurred between February 2022 and October 2022, and have sites that range in size from 4,000± to 29,708± square feet of gross land area. Sale #1 has an average lot size of 6,300± square feet after subdivision and allowance for street access. The unadjusted sale prices range from \$37.50 to \$53.29 per square foot of land area.

Discussion of Land Sales Adjustments

Prior to estimating the subject's land value, I have considered the presented land sales and the difference between the comparables as they relate to the subject. On this basis, I applied quantitative adjustments to each of the prices per square foot of land area to reflect these differences and refine the indicated range. An upward adjustment indicates that the comparable is inferior to the subject, while a downward adjustment indicates the comparable to be superior. Since each of the comparable land sales was transferred for cash or its equivalent, financing adjustments were not necessary.

Market Conditions (Time/Negotiability)

I first considered an adjustment for market conditions. The sale dates ranged from February 2022 and October 2022. Based on available market data, I have considered that market conditions for vacant land properties have been stable. All of the sales occurred under similar market conditions to the present and were not adjusted.

Location

All of the sales have similar locations as compared to the subject location. No adjustments for location were required when compared to the subject property.

Site Characteristics

This adjustment considered the sites shape, frontage, depth, topography, and access and wooded/unwooded. No adjustments were required when compared to the subject property.

Size

The subject site contains 1,564± square feet of land area and requires 6,000 square feet based on zoning to be a development site. The comparable sites ranged in size from 4,000± to 29,708± square feet of gross land area. Note that Sale # 1 can be subdivided into 4-lots with an average lot size of 6,300± square feet. Sale #3 was adjusted upward for a smaller lot size.

Site Utility

The site utility adjustment considered the sites usefulness of the comparable sales in terms site suitability for development as compared to the subject property, which would affect the price that a potential developer would pay for a vacant parcel of land. All of the sales have superior overall utility since they can be developed. As noted earlier, the subject property does not have adequate size and frontage to legally support future development of a single-family home. I have made appropriate downward adjustments to all of the comparable sales for site utility, as compared to the subject, considering that the subject land has no development potential and very limited site utility in the market.

The following table summarizes the aforementioned adjustments made to the comparable land sales:

East of 2383 Gale Avenue Baldwin, NY				
	SUBJECT	COMP 1	COMP 2	COMP 3

Land Sales Value Conclusion

After adjustments, the sale indicated an adjusted range of \$2.52 to \$3.75 per square foot of land area, with an average of \$2.98 per square foot and a median of \$2.66 per square foot of land area. I have taken into account the subject's location, size, zoning, utility and limited development potential. Based on this I have estimated a unit value of \$2.75 per square foot of gross land area to be reasonable for the subject parcel.

Therefore, the value of the subject property is calculated as follows:

Site Area (SF)	Value/SF (\$)	Land Value
1,564	\$2.75	\$4,301
	Rounded	\$4,300

UNDERLYING ASSUMPTIONS AND LIMITING & QUALIFYING CONDITIONS

1. This report is intended to comply with the reporting requirements set forth under Standards Rule 2-2(a) of the Uniform Standards of Professional Appraisal Practice for an appraisal report. The information contained in this report is specific to the needs of the client and for the intended use stated in this report. We are not responsible for unauthorized use of this report.
2. No responsibility is assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless stated otherwise in this report.
3. The property was appraised free and clear of any or all liens and encumbrances unless stated otherwise in this report.
4. Responsible ownership and competent property management are assumed unless stated otherwise in this report.
5. The information furnished by others for the appraised property is believed to be reliable. However, no warranty is given for its accuracy.
6. All engineering is assumed correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.
7. It is assumed that there are no hidden or unapparent conditions of the property, subsoil or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
8. It is assumed that there is full compliance with all applicable federal, state and local environmental regulations and laws unless stated otherwise in this report.
9. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined and considered in this report.
10. It is assumed that all required licenses, Certificates of Occupancy or other legislative or administrative authority from any local, state or national government or private entity have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.
11. Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied unless stated otherwise in this report. No survey has been made for the purpose of this report.
12. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described, and that there is no encroachment or trespass unless stated otherwise in this report.
13. We are unaware of any easements or encumbrances that substantially affect the subject property. However, we have not been provided with a title report and if in the event such report detailed the existence of an otherwise unknown easement or encumbrance, the value conclusion contained herein may be subject to change.

14. We are not qualified to detect hazardous waste and/or toxic materials. Any comment by us that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation or other potentially hazardous materials may affect the value of the property. Our value estimate(s) is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless stated otherwise in this report. No responsibility is assumed for any environmental conditions or any expertise or engineering knowledge required to discover them. Our descriptions and comments are the result of our routine observations made during the appraisal process.
15. Unless stated otherwise in this report, the subject property was appraised without a specific compliance survey having been conducted to determine whether the property is or is not in conformance with the requirements of the Americans with Disabilities Act (ADA). The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability or utility.
16. Any proposed improvements are assumed to be completed in a good and workmanlike manner in accordance with the submitted plans and specifications, and conforming to all municipal, building and health codes.
17. Our value conclusions were based on the assumption that the subject property will continue to be adequately maintained and professionally managed to sustain its competitiveness in the marketplace.
18. The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
19. Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser(s), and in any event, only with properly written qualification and only in its entirety.
20. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser(s) or the firm with which the appraiser(s) is/are connected) shall be disseminated to the public through advertising, public relations, news sales or other media without the prior written consent and approval of the appraiser(s).
