Dear Constituents,

It appears that South Hempstead was redistrict in 3 ways. This is a Hamlet with about 700 homes, the Hamlet organized South Hempstead Civic Association since 1938. As a Hamlet we work together with our Political Leaders in resolving community issues.

What you are proposing is that we become divided as Hamlet and as so we don't have the voice of the entire Hamlet. This can cause issues within our small Hamlet when parties are apposed to working together and we can accomplish anything for the better of the Hamlet.

I understand the issue with large diverse communities. South Hempstead is a Hamlet with 700 homes and everyone knows everyone.

Please reconsider your decision to divide South Hempstead.

Thank you,

Hector E Mendez

Good Afternoon,

Districts are not to be drawn with intent of denying equal opportunity of racial or language minority groups to participate in the political process. - Gov. Hochul

It is very clear the purpose of this redistricting, specifically in Lakeview, which is a known minority community, is of ill intent.

It is also known that this redistricting is being done to maintain the conservative vote of Nassau county and suppress not only minority voters but also our resources. Lakeview has been in LD2 since the 1990s.

Nassau County came in at #1 for safest places to live in America yet as a black woman I feel endangered any time I leave my own community. Redistricting will only make the segregation of Nassau County worse. The job of politicians is to keep ALL citizens in mind. Not just some.

I openly stand against the redistricting of Nassau County lines. I will not stand for gerrymandering. I will not stand for the perpetuation of structural racism of the black and brown citizens of Nassau county.

Hi,

I am opposed to the redistricting of Lakeview. I am a current resident and I am happy with our current district.

Thanks

Hello,

My name is Michelle James Wettstein. I am the President of the South Hempstead Civic Association. A recent COVID infection is keeping me from attending tonight's hearing, but I wanted to voice my opinion on how absolutely unacceptable splitting our community into 3 Legislative Districts is, to not only our community but our surrounding communities as well which are also being butchered. South Hempstead is a tight knit community and this proposed map unacceptably destroys any voting power we have as a community. Looking at the Republican proposed map, its very easy to see all the racial implications and again is completely unacceptable for our community and for our neighbors.

Thank you,

Michelle James Wettstein

Hi,

I am submitting my testimony regarding the proposal for Lakeview redistricting. I am opposed to this proposal. Lakeview has had it's own representation since the 90s and we would like to continue to keep it that way. We want to make sure we are collectively voting on a representative that will have our best interests and not be added to larger towns that may have a different set of interest. Please keep it the same.

I've been a Lakeview resident since 1984.
