NASSAU COUNTY LEGISLATURE

December 2014

Dear Neighbor,

I would like to invite all residents to attend a Community Meeting on Traffic Concerns and Solutions in East Atlantic Beach on Tuesday, December 9th at 7:30 pm. The meeting will be held at the West School Cafeteria located on Maryland Avenue in Long Beach.

The Nassau County Department of Public Works has initiated a comprehensive traffic calming and safety study for the area known as East Atlantic Beach. The study will help to identify traffic issues and develop solutions, in coordination with the community.

The County has engaged an engineering firm to help implement the traffic study results and community input. This will be the second community meeting to discuss the study and gather more input from residents and stakeholders.

The County will present conceptual solutions to improve safety for the purpose of garnering community input. The County will use the input to refine the solutions and finalize the conceptual plan for the area.

Yours truly,

A handwritten signature in blue ink that reads "Denise Ford".
