the period for the purposes of lobbying. Such amounts shall be detailed as to

referred to in this report lobby both the State and the County. The Lobbyist*

Registration Form filed with the State reflects that. However, question 9 of this form refers to "lobbying activity conducted, or to be conducted, in Nassau County." I am, therefore, making the assumption that the amounts referred to in question 3 also relate to lobbying activities conducted in Nassau County. I am making the further reasonable assumption that the College employee's lobbying activities are split evenly between the County and the State. Therefore, the amounts below for each College employee equal the portion of their salaries that can be reasonably assigned to lobbying activities, divided by 2.)
