

# Village Active Parks

- \* This directory offers contact information for active parks located in Nassau County that fall under the jurisdiction of one of the 64 Villages. The distinguishing feature of active parks, in contrast to passive parks, is that they provide recreational facilities.
- \*\* This list is organized alphabetically with respect to the names of the parks. The parks in this directory enforce different policies regarding public access to the facilities. Whereas some parks are accessible to the general public, several parks have restricted access, and others are open to district residents only. For information regarding access to a particular park, contact the facility using the phone number listed in the directory. If no phone number is listed, refer to the [Village Contact Information](#) to contact the corresponding Village.
- \*\*\* If there is no phone number for a particular park, the location of the facility is listed.

<b>Village Active Parks*</b>
