INDEPENDENT AUDITORS' REPORT

The Deferred Compensation Board
Nassau County Deferred Compensation Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of Nassau County Deferred Compensation Plan (the Plan), which comprise the statements of fiduciary net assets available for plan benefits as of December 31, 2018 and 2017, and the related statements of changes in fiduciary net assets available for plan benefits for the years then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the fiduciary net assets available for plan benefits of Nassau County Deferred Compensation Plan as of December 31, 2018 and 2017, and the changes in fiduciary net assets available for plan benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

NASSAU COUNTY DEFERRED COMPENSATION PLAN

Management's Discussion and Analysis

December 31, 2018 and 2017

This section presents management's discussion and analysis (MD&A) of Nassau County Deferred Compensation Plan's (the Plan) financial position and performance for the years ended December 31, 2018 and 2017. This section is presented as a narrative overview and analysis. Please read the MD&A in conjunction with the financial statements and notes to financial statements to better understand the financial condition and performance of the Plan during the years ended December 31, 2018 and 2017.

Financial Highlights

- The Plan's net assets at December 31, 2018 and 2017 are \$1,386,185,752 and \$1,438,369,251, respectively. The net assets represent participant contributions and net investment income.
- The Plan's net assets for the year ended December 31, 2018 decreased by \$(52,183,499) or approximately 3.6% from the prior year. The Plan's net assets for the year ended December 31, 2017 increased by \$180,286,384 or approximately 14.3% from 2016.
- The Plan had investment income (loss) of \$(51,271,131) in 2018, compared to \$172,634,623 in 2017.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Plan's financial statements, which comprise the following:

- Statements of Fiduciary Net Assets Available for Plan Benefits
- Statements of Changes in Fiduciary Net Assets Available for Plan Benefits
- Notes to Financial Statements

Statements of Fiduciary Net Assets Available for Plan Benefits - These statements present information regarding the Plan's assets, liabilities and resulting net assets held in trust for Plan benefits. These statements reflect the Plan's investments, receivables and liabilities at December 31, 2018 and 2017.

Statements of Changes in Fiduciary Net Assets Available for Plan Benefits - These statements present how the Plan's net assets held in trust changed during the years ended December 31, 2018 and 2017. These statements present contributions by participants along with net investment income during the period from individual participant-directed investing activities. Deductions for participant benefit payments and administrative expenses are also presented.

NASSAU COUNTY DEFERRED COMPENSATION PLAN

Notes to Financial Statements

December 31, 2018 and 2017

(1) Description of Plan

The following description of Nassau County Deferred Compensation Plan (the Plan) is provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which permits employees and elected officials of Nassau County (the "County") who participate in the Plan to defer a portion of their current salary until future years. The County does not make any contributions to the Plan. Participants do not pay income taxes on their contributions or investment returns while these funds remain in the Plan. The active Plan membership was approximately 6,375 and 6,000 at December 31, 2018 and 2017, respectively. Inactive Plan membership was approximately 3,865 and 3,800 at December 31, 2018 and 2017, respectively.

The assets of the Plan are being held in trust for the exclusive benefit of Plan members and their beneficiaries as required by Internal Revenue Code (IRC) Section 457.

The Plan, created in accordance with IRC Section 457, is available to all County employees.

The Plan has entered into an agreement with Prudential Retirement and Insurance and Annuity Company (Prudential) to administer the Plan.

(b) Contributions

Participants can elect to defer a minimum of \$10 per pay period up to the lesser of \$18,500 annually or 100% of includable compensation. If an employee is age 50 or older, the employee is permitted to contribute up to \$24,500 in a calendar year. A participant may rollover an existing 457 deferred compensation plan, retirement plan, or a traditional IRA into the Plan at any time.

(c) Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions into a variety of investment options offered by Prudential. Participants may change their investment options throughout the Plan year.

(d) Notes Receivable from Participants

Participants may borrow from their accrued benefit balance in accordance with applicable Internal Revenue Service (IRS) regulations. The maximum amount a participant may borrow is equal to the lesser of (a) 50% of their account balance or (b) \$50,000. Interest rates on outstanding loans were 4.25% to 6.25% at December 31, 2018 and 2017.

NASSAU COUNTY DEFERRED COMPENSATION PLAN
Notes to Financial Statements, Continued

(1) Description of Plan, Continued

(e) Participant Accounts and Vesting

Each participant's account is credited with the participant's contribution and investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant's account balance is invested in accordance with the investment option(s) selected by the participant. Participants are 100% vested in their account balance at all times.

(f) Payment of Benefits

A participant of the Plan or beneficiary may receive a distribution of assets under the Plan upon a participant's retirement, termination of service, disability, death or the attainment of age 70½. A participant may elect to receive a lump sum amount equal to the value of his or her account, or periodic payments in monthly, quarterly, semiannual or annual installments. In addition to these regular periodic payments, a participant may also request a nonscheduled distribution of at least \$500 no more than twelve times a year.

Participants also have the right to redirect the timing, the amount, and the method of payment of the distribution. In connection with a participant's severance from employment, the participant may elect to have all or a portion of his/her account rolled over into another qualified retirement account.

A distribution is also permitted in the case of an unforeseen emergency, as defined by IRC 457(b) regulations. Participants, after approval from the third party administrator or the Plan's Board, may receive an unforeseen emergency withdrawal which may not exceed the lesser of the amount reasonably needed to meet the financial need created by such unforeseeable emergency or the value of the participant's plan balance as of the most recent valuation date. All payments shall be made in one lump cash sum within sixty days after approval of the request.

A participant may also elect to receive a in-service distribution if the participant has not made deferrals into the Plan for 24 consecutive months and the total value of the participant's account does not exceed \$5,000.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and present fiduciary net assets available for plan benefits and changes therein.

NASSAU COUNTY DEFERRED COMPENSATION PLAN

Notes to Financial Statements, Continued

(2) Summary of Significant Accounting Policies, Continued

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are presented at fair value, except for investments in the stable value fund which are presented at contract value. See note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income includes both the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement. The loans bear interest rates charged by local financial institutions for similar loans. Principal and interest is paid ratably through payroll deductions.

(e) Subsequent Events

Plan management has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued.

(f) Reclassifications

Reclassifications have been made to certain 2017 balances in order to conform them to the 2018 presentation.

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) No. 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NASSAU COUNTY DEFERRED COMPENSATION PLAN

Notes to Financial Statements, Continued

(3) Fair Value Measurements, Continued

- Level 2 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price.
- Pooled separate accounts - Valued at the NAV of units held by the Plan at year-end. The pooled separate accounts invest in various mutual funds or other marketable securities. The mutual funds or other marketable securities are open-ended mutual funds or other marketable securities that are registered with the Securities and Exchange Commission. These funds and other marketable securities are required to publish their daily NAV and to transact at that price.
- Self-directed brokerage accounts - Invested in equity securities and money market accounts. Equity securities are valued at the closing prices reported in the active markets in which the individual securities are traded.

(4) Guaranteed Interest Account

The Plan maintains a guaranteed interest account (stable value fund) with Prudential. The guaranteed interest account provides a stable rate of return by investing in a combination of a group annuity contract issued by Prudential and an investment in the Prudential Core Intermediate Bond Fund of Prudential's Collective Trust. Prudential is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. In advance of each calendar quarter, Prudential establishes a rate of return for that quarter for the investment. The rate in effect at December 31, 2018 and 2017 was 2.29% and 2.26%, respectively.

Because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the fiduciary net assets available for benefits attributable to the guaranteed interest account. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investments in the stable value fund amounted to \$510,763,333 and \$507,368,003 at December 31, 2018 and 2017, respectively.

(4) Guaranteed Interest Account, Continued

No events limit the ability of the Plan to transact at the contract value so long as the guaranteed interest account contract remains in force. Except for events which may result in termination for cause, as outlined in the contract (for example, Plan termination or merger, early retirement incentive, layoffs, etc.), Prudential may not cause the contract to be terminated at an amount other than contract value.

(5) Recordkeeping and Administrative Expenses

The Board represents the County in all matters concerning administration of the Plan.

Expenditures for recordkeeping and administrative expenses rendered in connection with the administration of the Plan are paid with funds received by the Plan from the service provider pursuant to the revenue sharing agreement.

Effective January 1, 2017 the Board has renewed the service provider agreement with Prudential (the Provider) for an additional five years. Under the arrangement, the Provider is to pay the Plan a portion of revenues earned from the assets held by the Plan. The arrangement calls for the Plan to receive a guaranteed payment of \$200,000 annually, payable in equal quarterly payments within thirty days of the end of each quarter. However, when the Provider's revenue from administering the Plan exceeds 0.04% of Plan assets, the excess amount will be payable to the Plan in the form of an Allowance.

Additional amounts may be payable to the Plan as a result of the Provider's failure to meet the performance standards set forth in Appendix A of the Agreement.

For the years ended December 31, 2018 and 2017, the Plan earned approximately \$711,800 and \$678,945, respectively, in revenue sharing payments from the Provider. At December 31, 2018 and 2017, the shared revenue account balance was approximately \$1,024,414 and \$423,000 respectively.

At the May 7, 2019 meeting of the Board, it was decided to transfer (distribute) \$1,000,000 from the revenue sharing account to participants on a pro-rata basis, with certain exceptions based on their May 31, 2019 balances. The transfer occurred in June 2019 leaving a balance in the account of \$599,974 at the transfer date.

At the March 23, 2017 meeting of the Board, it was decided to transfer (distribute) \$750,000 from the revenue sharing account to participants on a pro-rata basis, with certain exceptions based on their June 1, 2017 balances. The transfer occurred in June 2017.

(6) Related Party Transactions

Prudential Bank & Trust Company ("PB&T") is the Plan's trustee. The Plan's investments in the stable value fund and a mutual fund are with this related party.

(7) Plan Termination

The County reserves the right to amend, suspend, or terminate the Plan and any deferrals thereunder, the trust agreement and any investment fund, in whole or in part and for any reason and without the consent of any employee, participant, beneficiary, or other person. Upon termination of the Plan, all amounts deferred shall be payable as provided in the Plan agreement.

(8) Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of fiduciary net assets available for plan benefits.

(9) Tax Status

The IRS has determined and informed the Plan that the Plan and related trust are designed in accordance with Section 457(b) of the IRC and, as such, are not subject to tax under present income tax law. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
