

Nassau County Sewer and Storm Water Finance Authority 2022 Annual Investment Report

December 12, 2023

Most of the revenues of the Nassau County Sewer and Storm Water Finance Authority (the “Authority”) are derived through the imposition by Nassau County (the “County”) of assessments for sewer and storm water resources services. The County has directed each city and town receiver of taxes to remit all such assessments directly to the trustee for the Authority’s bonds. During 2022, the Authority retained sufficient funds to service all Authority debt and pay its operating expenses. The remaining funds were remitted to the County on behalf of the Nassau County Sewer and Storm Water Resources District, which is responsible for paying for the operations of the County’s sewer and storm water resources services. The Bank of New York Mellon was paid trustee fees of \$1,500 in 2022. The Authority’s 2022 financial statements were audited by Mayer Hoffman McCann CPAs. The audit fee paid in 2022 (for the 2021 audit) and 2021 (for the 2020 audit) was \$28,000 and \$28,000, respectively. The Authority does not pay any other fees to any investment banker, broker, agent or dealer for investment services.

Investment income was \$131,782 and \$3,563 in 2022 and 2021, respectively.

The Authority invests in accordance with the applicable law, authorizing resolutions, and the Authority’s Investment Guidelines. The Authority considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Investments are recorded at fair value, which includes accrued interest receivable. Revenue and losses related to investments, including interest earned, changes in fair values and realized gains and losses are reported in the statement of revenues, expenditures, and changes in fund balances. Fair value is determined using quoted market values as of December 31st. During 2022, the Authority invested available cash in money market accounts and U.S. Treasury bills. Investments in securities are executed by Bank of New York Mellon through the BNY Mellon Capital Markets, LLC (“BNYMCM”). BNYMCM is compensated for securities transactions based on agreed upon spreads.

As of December 31, 2022 and 2021, the Authority’s total cash, cash equivalents and investments were \$2,005,296 and \$2,303,740, respectively.

Below is a chart showing the breakdown of total cash, cash equivalents and investments, operating expenses, and investment income for the years ended 12/31/22 and 12/31/21.
