

BRUCE A. BLAKEMAN
NASSAU COUNTY EXECUTIVE

2024 SUMMER CAMPS at GARVIES POINT MUSEUM

Tuesday-Thursday, 9:30am-3:30pm | Ages 5-7 & 8-10

Small group size - Our specialized museum and 62-acre nature preserve along Hempstead Harbor offer rich and unique natural experiences for all!

A. July 9-11 **DIG-Ology: Can you dig it?**

Be a Geologist, Archaeologist, and Paleontologist this week as we piece together the past!

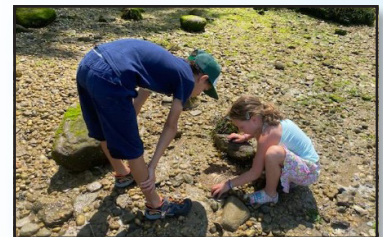

- Learn all about rocks & minerals with special LEGO building activities.
- Fascinating fossils, from 400 million years ago through present times!
- Mock archaeology dig, dinosaur fossil dig, time capsules, & more as we uncover hidden history!

B. July 16-18 **Invertebrate Investigators & Plant Power**

No backbone required to investigate the creepy, crawly world of invertebrates! Using bug catchers, magnifiers, nets, special video microscopes, and field guides as we explore variety of worms, snails, spiders, beetles, butterflies, crabs, jellyfish & more in our nature preserve! Discover the powerful plant & animal alliances that make life on earth possible!

C. July 23-25 **Native American Lifeways: Gifts of the Natural World**

- Hands-on tool technology & spear-throwing
- Pottery-making, games & storytelling
- Importance of trees & shelter/fort building
- Reading the forest & navigation
- Friction fire, campfire building & outdoor survival skills
- Native foods & foraging with campfire cooking

D. July 30 - Aug 1 **Elements of Nature**

Discover earth, air, water, & fire with hands-on experiments! Kids will make glacier-gak, learn about volcanoes & how lava flows, how water sculpts the land, and how air makes parachutes work! Can wind help plants? Learn how the elements create essential cycles in nature: seeds, trees, rocks, water, lifecycles, seasons & more!

E. Aug 6-8 **Awesome Animals**

Explore the wild world of animals from past to present! Study special abilities of prehistoric mammals, dinosaurs, birds, reptiles, and mammals. Embrace your own superpowers on our animal obstacle course! Special guest animal encounters with Tackapausha Museum during week!
